

Model: UEF500M/4

4 Port USB Extender/Isolator

Description

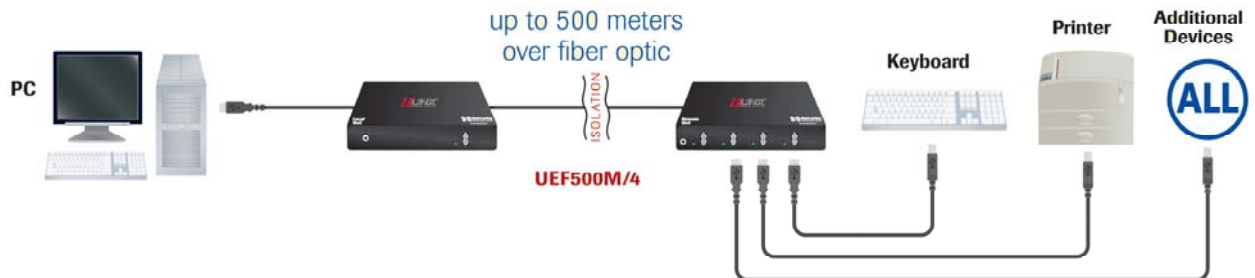

The UEF500M/4 extends the range of USB 1.1 full-speed and low-speed devices up to 500 meters using multimode, fiber-optic cable.

Features

- Supports USB 1.1 (low-speed, full-speed) devices up to 12 Mbps.
- Remote Extender is equipped with 4 USB ports.
- Provides support for both low-power and high-power USB devices.
- Power adapters are available for North American (110V) or International (110 - 240V) applications.
- Fully compliant with USB 1.1 Specification, as certified by the USB Implementers Forum.
- Number of devices can be increased using standard USB hubs.

Highlights

The UEF500M/4 extends USB 1.1 connections up to 500 meters (1640 ft.) over multimode fiber, providing support for up to four (4) USB devices.

Ordering Information

The UEF500M/4 is complete with a Local Extender, a Remote Extender, a USB cable, 2 power adapters and User Guide.
